## Why Should A Collision Repair Shop Become A Premier Shop With Help I Crashed My Car?

More than **270 MILLION** consumers in North America carry a mobile phone. This means every economically viable person in North America carries a mobile phone. More than **38 MILLION** consumers in North America carry a smart phone. Almost **ALL** consumers involved in a car accident have their mobile phone with them at the scene of the accident.

Mobile phones are the most personal, powerful, and widespread marketing platform in the world. Consumers have downloaded more than **3 BILLION** mobile phone apps in the last 24 months.

Mobile phone apps are the "hottest" technology in the world. Insurance companies are launching their own mobile phone apps to "own" the mindshare of consumers with smart phones. State Farm, Nationwide, GIECO, USAA, and others have launched their own phone apps.

## How Will Help I Crash My Car Benefit Your Collision Repair Shop?
